

# Youth Work Ireland Week 2018

## About Youth Work Ireland Week

Youth Work Ireland is the largest youth work organisation in Ireland. Through our network of clubs, projects, drop in centres, youth information centres, youth cafés, music, arts, citizenship programmes and other outlets, we promote an open, integrated and accessible approach to working with young people. We work to develop the potential of young people, and to strengthen communities in Ireland through quality youth services.

Youth Work Ireland Week, now in its seventh year, is a chance for us to celebrate and promote the work local youth services do every week in communities around Ireland.

## Positive Sexual Relationship

The theme and focus of Youth Work Ireland Week 2018 is Positive Sexual Health and Positive Sexual Relationships, as voted on by young people, youth workers and volunteers at our National Consensus Conference in October 2017. Throughout Youth Work Ireland Week young people will be taking part in an activity consultation to identify issues around positive sexual health they want to learn more about, be heard on and have influence.

## Programme of Events

This programme of events will give you a brief overview of the types of events, activities and initiatives that take place across Ireland during Youth Work Ireland Week. Please contact the local member youth service for more details on any of these events.
