How Youth Work Ireland Membership Fees are calculated:

From 2021 Membership Fees have been calculated based on the overall income that your Youth Service receives from the Department of Children, Equality, Disability, Integration and Youth in the preceding year regardless of the administering body. No other income from other sources will be included. The bands noted above will then be applied to the total DCEDIY income for each Member Youth Service.

Associate Members:

All Associate Members will be charged a fixed Membership Fee of €350 regardless of income.
